Geberit is the European market leader in sanitary technology with global presence.

From the time of its establishment in 1874, the company has always been a pioneer in the sector, consistently setting new trends with its innovative powers and comprehensive system solutions. Geberit's range of products is designed for use in new buildings as well as in renovation and modernization projects. It comprises six product lines in the two product areas of Sanitary Systems and Piping Systems. Sales activities are concentrated on the major European markets, Central and Eastern Europe, the United Kingdom, North America, China and South East Asia. The main production sites are located in Switzerland, Germany and Austria, but local competence centers have been built up in Shanghai (China) and Chicago (USA).
